

OUR *sustainability* INITIATIVES

ENVIRONMENTAL PROJECTS

- The winery has reduced water consumption by 1,988,400 gallons per year by using processed waste water for drip irrigation on all landscaping, implementing landscaping designs and planting drought resistant plants.
- Incorporated food waste program to educate employees about food waste and increase diversion from the landfill, increasing food collected to 11 tons per year.
- Continued energy efficiency efforts in office areas including installation of *ENERGY STAR* products, programmable thermostats and electricity misers.
- Publicly report greenhouse gas footprint as part of Constellation Brands' submission to the Carbon Disclosure Project.

SOCIAL RESPONSIBILITY + COMMUNITY

- Franciscan Estate participated in a Napa River Restoration Project that restored 9 miles of the Napa River from Oakville Cross Road to Oak Knoll Avenue. Franciscan Vineyard donated 1.8 miles of vineyard acres to allow for river channel widening.
- 37 plastic 55 gallon drums were repurposed by Napa County to create speedbumps and in playground construction.
- The 'Green' and 'Blue' Environmental Teams are highly engaged and committed to minimizing their environmental impact through innovative solutions. One of the many improvements to come from these teams is an 80% reduction in water use for tank sanitation.

CERTIFICATIONS + AWARDS

- Produced at a Certified California Sustainable Winery
- Produced at a Certified Napa Green Winery
- Constellation Brands' 2016 Global Sustainability Award Winner
